

Purpose and Benefits of the SBC Marketplace Ministers Fellowship

1. Membership in an organization that believes in our Constitutional rights and guaranteed freedoms including Religious Exemption against mandated health choices. (See our Statement of Faith on our webpage <https://www.summitbiblecollege.com/statement-of-faith>)
2. An official letter from the president of Summit Bible College that states the position of the college as a 501c3 non-profit Christian religious organization, the SBC Marketplace Ministers Fellowship rights to religious exemption for its members, and the research that shows that the latest requests for forced vaccinations are based on faulty research, poor data, and inaccurate statistics.
3. A personal letter form that states your DECLARATION OF VACCINATION EXEMPTION for employers, shops, schools, and other parties. This includes quotations from applicable Constitutional laws.
4. An extra identification card, if needed. (There is a nominal additional charge of \$15 per card if you need this service.)

Please note: We have seen success for those who are members of the SBC Marketplace Ministers Fellowship in the military and private sector. However, some businesses, schools, and government organizations are ignorant or militant against Constitutional rights. So, you may have to fight for your rights in a court of law. Be prepared and insistent on your rights!
